

Application No. 10/589,122
Response dated November 16, 2009
Reply to office action dated July 14, 2009

Amendments to the Specification:

Please replace the second paragraph at page 7, line 4, with the following rewritten paragraph:

-- Figures 1A to 1G show a first embodiment of handling device of this invention in association with an injector, the handling device having a relatively short outer sleeve, wherein Figures 1A to 1G are axial sections through the handling device and a part of the injector showing the successive steps of the use of the injector and handling device to perform an injection; and--

Please insert the following paragraph immediately after line 8 on page 7:

-- Figure 1G shows the first embodiment of handling device at the end of an injection procedure with the re-sheathed needle ejected from the device; and --
